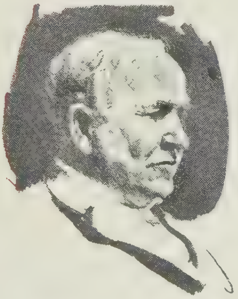
*Perfected* through more than fifty years of continuous development by Mr. Edison, the new Ediphone represents today the *one* modern dictation system for progressive business.

The use of the new Ediphone in business offices everywhere is evidence of executive appreciation for the many advanced features Mr. Edison has provided.

*Ediphone electric control* is quick as thought. An *all-Bakelite speaking tube* provides permanent comfort and positive action. *The Ediphone auto index* furnishes the one easy way to make corrections. *A safety signal* rings if your voice is not recording. *The efficiency pedestal* holds nine cylinders and mail pockets. *Typease electric control* gives instant response to the girl who transcribes.



THOMAS A. EDISON, *Inc.*
261 Fifth Avenue
(at 29th St.)

# Ediphone

**Edison's New Dictating Machine**

SERVICE GUARANTEED IN EVERY LOCALITY

(See other side)

# *Like Six Secretaries—*
# *Say it to the Ediphone*

**If you buzzed every time you had an idea to dictate, you would need six secretaries.**

**Don't warm over your thoughts.**

**Dictate them when they are on the tip of your tongue. Then they are neither forgotten nor half expressed.**

**It is not volume of correspondence that makes the greatest need for an Ediphone. It is the freedom from office routine; the ability to *speak your mind any time.* That is the thing that makes the Ediphone so popular today.**

**Our Service will prove this at your desk and guarantee the continued satisfaction of your entire office. Hundreds of our old customers, nearby, will tell you so. Mail the coupon or —**

**Telephone LEXINGTON 0800**

---

Thomas A. Edison, Inc.
261 Fifth Ave., N. Y. City

Send me your book "Getting Action" which will tell me how I can simplify my dictation—speed up my work—increase profits—the Ediphone way.
